**Arizona Health Care Cost Containment System
Project for Assistance to Transition from Homelessness
FY 2025-2026 Arizona**

The Arizona Health Care Cost Containment System (AHCCCS) serves as both the SSA and state Medicaid system for Arizona. AHCCCS provides comprehensive integrated health care services for individuals with co-occurring mental and substance use disorders through Managed Care Organizations (MCOs). The majority of AHCCCS members receive integrated health services through their chosen acute care program, one of six AHCCCS Complete Care (ACC) plans throughout the state. Services include, but are not limited to, primary health care, mental health individual and group counseling, case management, psychiatric and psychologist services, peer support services, family support services, individual and group skills training, vocational rehabilitation, substance use disorder treatment, medication for opioid use disorder (MOUD), and medication for the treatment of alcohol use disorder. The ACC Contractors with a Regional Behavioral Health Agreement (ACC-RBHAs) specifically serve individuals with a Serious Mental Illness (SMI) designation, Serious Emotional Disturbance (SED) and Early Serious Mental Illness (ESMI) including First Episode Psychosis (FEP) while also providing crisis, other grant-funded, and state-only funded services. Additionally, the Arizona Long Term Care System (ALTCS) program provides health insurance for individuals who are age 65 or older or who have a disability. American Indians and Alaska Natives (AI/AN) enrolled in AHCCCS or CHIP (KidsCare) may choose to receive their coverage through the American Indian Health Program (AIHP), Tribal ALTCS, or Tribal RBHAs (TRBHAs enter into Intergovernmental Agreements with AHCCCS for behavioral health care management) or one of the AHCCCS-contracted managed health plans.

The Arizona Health Care Cost Containment System (AHCCCS) is awarded the Project for Assistance to Transition from Homelessness (PATH) funding from SAMHSA. Arizona is currently soliciting bids through a Request for Proposal (RFP) PATH; contractors will be selected by June 30, 2025. The contract shall be for three (3) initial years with two (1) one-year options to extend, not to exceed a total contracting period of five (5) years.

Currently, the PATH contractors utilize best or promising practices to target individuals experiencing or at imminent risk for homelessness through street outreach, in-reach activities, and case management to serve our most vulnerable adults. Once an individual is enrolled into the PATH program, the PATH contractor will assist with applying for mainstream services such as SSI/SSDI, Housing, Temporary Assistance for Needy Families, Food Stamps, Medicaid, an SMI determination, medical resources as assessed to best meet the holistic needs of the individual. Referrals and services for behavioral health and/or substance use recovery services are additionally coordinated by PATH providers. Services are documented within the individual's case plan and the case plan will be updated as needed or at least every three (3) months. The PATH providers offer a variety of efforts to establish a therapeutic alliance with individuals experiencing or at imminent risk for homelessness including emergency homeless shelters, a shower program, hotel vouchers, basic need / health and hygiene items, transportation, eviction prevention, advocacy, completion of the VI SPDAT and evaluation of each person's Social Determinants of Health. PATH providers consistently provide information and assist to connect members to community resources including heating/cooling stations, medical services, behavioral health/substance use services, harm reduction resources, thrift store partnerships for

clothing items, domestic violence advocacy resources, veterans’ services programs, and food pantries. Arizona’s PATH providers are actively engaged in their communities and collaborate with local community resources to assist each person to successfully transition out of homelessness.

In order to make such determinations, the assessor shall first look at a period of either 30 days or longer of abstinence, or 60 days or longer of reduced use that is less than the threshold expected to produce the resulting symptoms and disability and establish that the symptoms and resulting disability were no longer present after the 30 or 60 day period and/or no longer required mental health treatment to prevent recurrence of symptoms.

A diagnosis of substance-induced psychosis can only be made if both of the following conditions are present:

- a. There is no psychosis present before a period of substance use that is of sufficient type, duration, and intensity to cause psychotic symptoms, and
- b. The psychosis remits completely (not partially) after a period of abstinence of 30 days or less.

Arizona's current contracts for PATH services will be expiring on June 30, 2025. AHCCCS is currently seeking to contract with one (1) or more qualified non-profit providers/organizations as required under the Projects for Assistance in Transition from Homelessness (PATH) Grant with a competitive Request for Proposal (RFP) for the purpose of providing outreach services to people who are suffering from a serious mental illness and/or are suffering from a SMI and a co-occurring disorder who are homeless or at imminent risk of becoming homeless in each county across the State. For this RFP AHCCCS solicited PATH services statewide in hopes to expand PATH funding to other counties throughout Arizona. The solicitation closes on April 1, 2025 and the evaluation period of bids will be completed after the PATH Application is submitted to SAMHSA.

Arizona will submit updated information once the RFP has been awarded via a request a revision request in WebBgas.

To determine areas of need, Arizona relies on annual street count data, PATH annual report data and population by census data. In addition, an independent contractor has been hired to assess the current areas of need and an appropriate allocation methodology

Describe the state/territories and providers' participation in HMIS and describe plans for continued training and how the state will support new local providers. For any providers not fully participating in HMIS, please include a transition plan with an accompanying timeline for collecting all PATH data in HMIS.

All Arizona PATH providers are fully utilizing HMIS for documenting all PATH services. AHCCCS continues to support HMIS training and activities for its contractors, which includes alerting them of SAMHSA Homeless and Housing Resource Network webinars, the Learning Community Webinars, or other beneficial technical assistance opportunities as they become available or as needed. Each PATH contractor has a budgeted line item for HMIS support, licenses, and training.

The State of Arizona has three different U.S. Department of Housing and Urban Development (HUD) Continuums of Care (CoC), and each is the HMIS Lead Agency for their respective region. These CoCs complete their own program coordination and planning to end homelessness. PATH contractors are contractually required to actively collaborate and participate on any committees or sub-committees as they relate to PATH. The AHCCCS PATH Administrator monitors this activity through receipt of quarterly and annual reports.

If any data quality issues arise, the HMIS Lead Agency will notify the AHCCCS PATH Administrator and issue(s) will be resolved with collaboration between the PATH contractor, HMIS Lead Agency and the AHCCCS PATH Administrator. The PATH Administrator at AHCCCS meets with the providers monthly to address any identified issues, review successes, and provide guidance/technical support if/as needed.

Arizona CoCs:

Maricopa Association of Governments is the HMIS Lead Agency for Maricopa County.

Tucson Pima Collaboration to End Homelessness is the HMIS Lead Agency for Pima County.

Arizona Department of Housing, Balance of State Continuum of Care is the HMIS Lead Agency for the remaining thirteen counties within the state of Arizona.

M. SSI/SSDI Outreach, Access and Recovery (SOAR)

Describe how the state encourages provider staff to be trained in SOAR. Indicate the number of PATH providers who have at least one trained SOAR staff. If the state does not use SOAR, describe State efforts to ensure client applications for mainstream benefits are completed, reviewed and a determination made in a timely manner.

Arizona is currently in a Request for Proposal (RFP) process to award PATH Services. Once the RFP is awarded, those staff not trained in SOAR, will have 90 days from award to submit their certificate of completion of the on-line SOAR training.

AHCCCS has made it a contractual requirement that every PATH funded contractor have staff trained in SOAR. This is monitored by each contractor submitting their staff’s certificate of completion of the online SOAR training. Any new staff hired after the annual application date will have 90 days to complete the online SOAR training and submit their certificate of completion to the AHCCCS PATH Administrator.

By completing the 20 hours of online training, it allows the street outreach worker to have a better understanding of the process and can assist by prescreening and referring participants for SOAR. The PATH contractors must establish positive collaborative relationships with the Social Security Administration (SSA) offices in their respective counties/Geographic Service Areas (GSAs).
