3. **The public information relating to the topic:**
  - a. This Notice of Public Information describes proposed changes to the Arizona Health Care Cost Containment System (AHCCCS) Fee-For-Service (FFS) rates to be effective September 1, 2020. The AHCCCS Administration is proposing changes to the FFS rates specified in this Notice to assure that payments are consistent with efficiency, economy, and quality of care and are sufficient to enlist enough providers so that care and services are available at least to the extent that such care and services are available to the general population in the geographic area. The estimated increase in FFS payments as a result of the proposed rate changes is expected to be approximately \$29,100. More detailed information regarding the proposed fee schedule changes is included below.

AHCCCS is implementing a 10% rate increase to the following codes:
