4th Quarterly Meeting 2019

HNT and UAT Process

Prepared by: Soni Fisher

Presented by: Soni Fisher and Rachel Conley

HNT AND UAT PROCESS

Instructions:

- Discuss the member amongst the people at your table.
- Everyone should participate.
- One person can write up the assessment of the member on the UAT and the HNT as agreed upon by the group.
- Determine the Level of Care (LOC) and take into account the IFS of the son.
- How much time is assessed?

HNT AND UAT PROCESS Cont'd.

- What is the expected timeframe that the caregiver will be providing services throughout the day? Estimate the time the member gets up, eats, showers, goes to bed, etc.
- Remember that Supervision is built in to the various ADL's, so take that into account when determining how much General Supervision is being assessed, if any.
- Provide documentation in each section of the HNT, as well as the time that services will typically be provided.
- Be very specific as to the **Why** the General Supervision is needed and what time of day it will be provided.

HNT AND UAT PROCESS Cont'd.

- Have one person utilize the Supervisor Case Audit Tool and determine if the Levels of Care are the same on both the HNT and the UAT.
- Discuss the results with the group at your table.
- Have one person be the spokesperson for your group to talk about what and why you assessed what you did.
- Describe the results of the Supervisor Case Audit Tool.
