REQUEST WITH AHCCCS' RESPONSES**

To ensure transparency and accountability, the following Q&As are being shared with all CCE Offerors.

QUESTIONS RECEIVED REGARDING CCE BEST AND FINAL OFFER REQUEST WITH AHCCCS' RESPONSES		
	Submitted Question	AHCCCS Response
1	If [Offeror] should elect to not provide a revised Administrative Cost Bid, but would like to provide further clarification of our original bid, could we submit a memo on letterhead and post as a PDF document on the SFTP site?	The Best and Final Offer must be submitted as stated in the notification. Offerors cannot provide a memo on letterhead to meet this requirement.
2	The "Instructions for submission of a Best and Final Offer" request a summary of changes be submitted with the revised Administrative Cost Bid Submission Workbook and Actuarial Certification. Please confirm AHCCCS would like the summary of changes in a separate document, meaning Offerors will upload three total BAFO documents to the SFTP server.	The summary of changes may be submitted as additional page(s) to the Administrative Cost Bid Workbook and/or Actuarial Certification(s) or as a separate document.
3	Did all Offerors receive a Request for Best and Final Offer?	This information will be provided in the public release of the procurement file.
