## [Transplant Contract Amendment Language Changes 10/1/2021](#)

Recently it came to our attention that you all did not have access to the 10/1/2021 Transplant Contract Amendment Language Changes. You have the new 10/01/2021 rates as we have posted those to the RI web page but you did not have the other language changes that are part of the amendments that the transplant facilities sign. We went over these changes in the Reinsurance Workshop.

We have posted that language here on the Reinsurance web page under the Transplant Contracts subsection labelled "Transplant Contract Amendment Language Changes 10/01/2021."
