Dear Mr. Eller:

Attached are the final results of the Encounter Data Validation studies for UnitedHealthcare Community Plan - LTC for Contract Year Ending (CYE) 2013 and 2014. The review was conducted in accordance with Section D, paragraph 74 of the Contract and the Encounter Data Validation Technical Document. The review scope includes two sections: ALTCS study "A" for Home Health, Therapies, and Personal Care and the ALTCS study "B" for Nursing Facilities. The studies measured:

- Claim included in the Contractor's claim submission and encountered in AHCCCS' Prepaid Medical Management Information System (PMMIS) (Match) – reviewed for accuracy and timeliness.
- Claims included in the Contractor's claim submission but not encountered in PMMIS (NotEnc InCIm) – reviewed for omission.
- Encounters reported in PMMIS but not included in the Contractor's claim submission (InEnc NotCIm) – reviewed for omission from claim submission file.

A preliminary report was provided to allow the Contractor the opportunity to review and submit any additional information that may have affected the final error rate calculations. After considering the Contractor response, the results have been applied to the total population of "A" and "B" encounters.

For study "A" Match, there were 1,247,154 encounter/claim matches identified from a sample size of 1,482,764 claims; a subsample of 153 was randomly selected. AHCCCS manually compared the supporting information provided by the Contractor to the adjudicated encounters within PMMIS resulting in 4 accuracy errors and 12 timeliness errors, yielding an overall error rate of 2.61% for accuracy and 7.84% for timeliness. For study "B" Match, there were 82,393 encounter/claim matches identified from a sample size of 110,425 claims; a subsample of 153 was randomly selected. AHCCCS manually compared the supporting information provided by the Contractor to the adjudicated encounters within PMMIS resulting in 10 accuracy errors and 9 timeliness errors, yielding an overall error rate of 6.54% for accuracy and 5.88% for timeliness.

For study "A" NotEnc InCIm, there were 235,610 possible omissions identified from a sample size of 1,482,764 claims; a subsample of 317 claims was randomly selected. AHCCCS manually compared the supporting information provided by the Contractor to the adjudicated encounters within PMMIS resulting in 143 omission errors, yielding an overall error rate of 7.17%. For study "B" NotEnc InCIm, there were 28,032 possible omissions identified from a sample size of 110,425 claims; a subsample of 315 claims was randomly selected. AHCCCS manually compared the supporting information provided by the Contractor to the adjudicated encounters within PMMIS resulting in 136 omission errors, yielding an overall error rate of 10.96%.

For study "A" InEnc NotCIm, there were 125,261 possible omissions identified from a sample size of 1,506,019 encounters; a subsample of 317 claims was randomly selected. AHCCCS manually compared the supporting information provided by the Contractor to the adjudicated encounters within PMMIS resulting in 5 omission errors, yielding an overall error rate of 0.13%. For study "B" InEnc NotCIm, there were 9,192 possible omissions identified from a sample size of 98,836 encounters; a subsample of 308 claims was randomly selected. AHCCCS manually compared the supporting information provided by the Contractor to the adjudicated encounters within PMMIS resulting in 3 omission errors, yielding an overall error rate of 0.09%.

For each study, if the error rate falls below the acceptable rate of 5%, no sanction will be applied. The Contractor's error rates and sanction amounts, if applicable, for each study are as follows:

STUDY	Error Rate	Sanction
A Match Accuracy	2.61%	0
A Match Timeliness	7.84%	\$5,562.09
A NotEnc InCIm	7.17%	\$11,521.30
A InEnc NotCIm	0.13%	0
B Match Accuracy	6.54%	\$413.57
B Match Timeliness	5.88%	\$85.53
B NotEnc InCIm	10.96%	\$3,606.67
B InEnc NotCIm	0.09%	0

Per the terms of the Contract, sanctions are not the Administration's exclusive remedy. In particular and without limiting possible future actions, if any legal action is brought against the Administration as the result of your non-compliance with the Contract, the Administration will seek compensation from you for any damages arising from such legal action including but not limited to the Administration's cost of representation as well as the cost of any attorneys' fees and costs payable to the party bringing the action.

Within 24 hours of receipt of this letter, the final workpapers for each study will be uploaded to the SFTP at <https://sftp.statemedicaid.us/UHC-LTC/OTHER/DHCM/OUT/>.
