

March 1, 2018

Mr. Scott Cummings
President
Care1st
2355 East Camelback, Suite 300
Phoenix, AZ 85016

Dear Mr. Cummings:

Attached are the final results of the Encounter Data Validation studies for Care1st for Contract Year Ending (CYE) 2015. The review was conducted in accordance with Section D, paragraph 65 of Contract YH14-0001-04 and the Encounter Data Validation Technical Document. The review scope included two sections: Acute study “A” for all professional services and the Acute study “B” for all facility services. The studies measured:

- Claim included in the Contractor’s claim submission and encountered in AHCCCS’ Prepaid Medical Management Information System (PMMIS) (Match) – reviewed for accuracy and timeliness.
- Claims included in the Contractor’s claim submission but not encountered in PMMIS (NotEnc InCIm) – reviewed for omission.
- Encounters reported in PMMIS but not included in the Contractor’s claim submission (InEnc NotCIm) – reviewed for omission from claim submission file.

A preliminary report was provided to allow the Contractor the opportunity to review and submit any additional information that may have affected the final error rate calculations. After considering the Contractor response, the results have been applied to the total population of “A” and “B” encounters.

For study “A” Match, there were 1,354,301 encounter/claim matches identified from a sample size of 1,589,301 claims; a subsample of 153 was randomly selected. AHCCCS manually compared the supporting information provided by the Contractor to the adjudicated encounters within PMMIS resulting in 2 accuracy error and 2 timeliness errors, yielding an overall error rate of 1.31% for accuracy and 1.31% for timeliness. For study “B” Match, there were 126,220 encounter/claim matches identified from a sample size of 126,627 claims; a subsample of 152 was randomly selected. AHCCCS manually compared the supporting information provided by the Contractor to the adjudicated encounters within PMMIS resulting in 9 accuracy errors and 1 timeliness errors, yielding an overall error rate of 5.92% for accuracy and 0.66% for timeliness.

For study “A” NotEnc InCIm, there were 235,000 possible omissions identified from a sample size of 1,589,301 claims; a subsample of 317 claims was randomly selected. AHCCCS manually compared the supporting information provided by the Contractor to the adjudicated encounters within PMMIS resulting in 0 omission errors, yielding an overall error rate of 0.00%. For study “B” NotEnc InCIm, there were 407 possible omissions identified from a sample size of 126,627 claims; a subsample of 1 claims was randomly selected. AHCCCS manually compared the supporting information provided by the Contractor to the adjudicated encounters within PMMIS resulting in 3 omission errors, yielding an overall error rate of 0.01%.

Mr. Cummings

Page 2

For study "A" InEnc NotCIm, there were 121,277 possible omissions identified from a sample size of 2,007,218 encounters; a subsample of 317 claims was randomly selected. AHCCCS manually compared the supporting information provided by the Contractor to the adjudicated encounters within PMMIS resulting in 5 omission errors, yielding an overall error rate of 0.10%. For study "B" InEnc NotCIm, there were 463 possible omissions identified from a sample size of 131,911 encounters; a subsample of 196 claims was randomly selected. AHCCCS manually compared the supporting information provided by the Contractor to the adjudicated encounters within PMMIS resulting in 11 omission errors, yielding an overall error rate of 0.02%.

For each study, if the error rate falls below the acceptable rate of 5%, no sanction will be applied. The Contractor's error rates and sanction amounts, if applicable, for each study are as follows:

STUDY	Error Rate	Sanction
A Match Accuracy	1.31%	\$0.00
A Match Timeliness	1.31%	\$0.00
A NotEnc InCIm	0.00%	\$0.00
A InEnc NotCIm	0.10%	\$0.00
B Match Accuracy	5.92%	\$344.18
B Match Timeliness	0.66%	\$0.00
B NotEnc InCIm	0.01%	\$0.00
B InEnc NotCIm	0.02%	\$0.00

Per the terms of the Contract, sanctions are not the Administration's exclusive remedy. In particular and without limiting possible future actions, if any legal action is brought against the Administration as the result of your non-compliance with the Contract, the Administration will seek compensation from you for any damages arising from such legal action including but not limited to the Administration's cost of representation as well as the cost of any attorneys' fees and costs payable to the party bringing the action.

Within 24 hours of receipt of this letter, the final workpapers for each study will be uploaded to the SFTP at <https://sftp.statemedicaid.us/CRF/OTHER/DHCM/OUT/>.

Thank you for your assistance with this Centers for Medicare and Medicaid Services (CMS) requirement. If you have any questions, please contact Linda Oakley at (602) 417-4308 or linda.oakley@azahcccs.gov.

Sincerely,
