Waiver Amendment Public Notice

NOTICES OF PUBLIC INFORMATION

Agencies use Notices of Public Information to notify stakeholders about other information that pertains to rulemaking notices under A.R.S. § 41-1013(B)(14). When required by law, agencies also use this notice to notify the public about information not related to rulemaking.

The most common use for this notice is to correct errors printed in a rulemaking notice or extend a public comment period.

The Administrative Rules Division of the Office does not provide a standard template for Notices of Public Information because the content of this type of notice varies.

An agency shall follow the Office's formatting standards when preparing this type of notice and use a numbered list of questions and answers. Additionally, an agency receipt shall be filed with a Notice of Public Information.

NOTICE OF PUBLIC INFORMATION

ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM (AHCCCS) ADMINISTRATION

[M22-79]

1115 RESEARCH AND DEMONSTRATION WAIVER AMENDMENT REQUEST: FORMER FOSTER YOUTH ANNUAL AUTOMATIC RENEWAL

1. **Name of the Agency: Arizona Health Care Cost Containment System Administration (AHCCCS)**
2. **The public information: AHCCCS 1115 Research and Demonstration Waiver Amendment Request**

I. Summary

The Arizona Health Care Cost Containment System (AHCCCS) is requesting an amendment to the 1115 Research and Demonstration Waiver, Project Number 11-W-00275/9, to seek authority to waive the condition of eligibility in 42 CFR 435.608 requiring Medicaid beneficiaries to apply for other cash benefits for the Former Foster Youth population. AHCCCS currently offers transitional medical care for children leaving foster care that are between the ages 18 to 26. AHCCCS refers to this group as the Young Adult Transitional Insurance (YATI) population. For those who qualify, there are no monthly premiums. The goal of the Former Foster Youth Automatic Renewal amendment is to:

- Promote continuity of care and coverage,
- Move toward administrative simplification,
- Reduce health disparities for the target population, and
- Reduce unnecessary eligibility churn.

This request is in alignment with House Bill 2622 passed by Arizona's 55th Legislature. Subject to approval from CMS, the AHCCCS administration will be required to annually renew the eligibility of an individual who was in the custody of the Arizona Department of Child Safety (DCS) when the individual reached 18 years of age without requiring additional information from the individual until the individual reaches 26 years of age, unless the individual notifies AHCCCS that the individual moved out of Arizona or has provided information indicating that the individual may qualify for a different eligibility category.

The State requests that expenditures for service provision to the YATI population including the waiver from 42 CFR 435.608 as described above be regarded as expenditures under the State's Medicaid Title XIX State Plan.

II. Proposed Eligibility Requirements under the Demonstration

AHCCCS is seeking a five-year Medicaid Section 1115 Research and Demonstration Waiver that promotes continuity of care, administrative simplification, and reduces unnecessary eligibility churn. The Demonstration is designed to provide quality health-care and improve health outcomes through continuity of care for the Former Foster Youth Population, while reducing administrative burdens.

Foster youth and former foster youth have a higher risk of experiencing multiple chronic health conditions and health related social needs (HRSN), beyond what is associated with socioeconomic instability, including:

Increased prevalence of physical and behavioral health needs (i):

- Foster youth frequently experience adverse childhood experiences – such as abuse, neglect, domestic violence, and parental substance abuse – that increase the risk of serious health problems later in life, including:
 - Severe obesity, diabetes, heart disease, cancer, stroke, chronic obstructive pulmonary disease (COPD), and broken bones.
- Former Foster Youth are twice as likely to experience PTSD compared to Iraq combat veterans.
- Former Foster Youth are twice as likely to experience depression compared to the general population.
- Former Foster Youth are more likely to suffer from anxiety and attempt suicide.

Higher rates of homelessness (ii):

- Youths aging out of foster care are at high risk for becoming homeless during the transition to adulthood. One in five report being homeless between ages 17 and 19, and over one in four (29%) report being homeless from 19 to 21. Among American Indian young adults, the figure jumps to almost half (43%) for ages 19 to 21. Furthermore, homelessness becomes a

huge contributing factor to returned mail and failure to comply with the procedural requirements for continued eligibility. (iii)

Consistent, quality health care through easier to access Medicaid coverage is a critical driver of health and health outcomes for low income adults with chronic conditions (iv), and former foster youth show an even higher reliance on public insurance coverage options than the general Medicaid population (v):

- Medicaid coverage rates among one cohort surveyed in 2014 and 2016 (after the creation of the former foster youth group):
 - 89% of 19-year-olds in foster care have Medicaid coverage, and
 - 69% of 19-year-olds no longer in foster care have Medicaid coverage.

Considering this population's higher reliance on public insurance options such as Medicaid, former foster youth experience known barriers to Medicaid coverage, including (vi):

- Former foster youth can be a hard-to-reach population, the effects of which can be compounded by state systems/operations that do not ensure continuity of coverage for youth leaving foster care or facilitate streamlined re-enrollment.

Finally, there is national recognition that unwinding at the end of the COVID- 19 Public Health Emergency (PHE) presents possible scenarios where state Medicaid enrollment could decline between five and 13 percent with the expiration of the continuous eligibility requirement in Section 6008 of the Families First Coronavirus Response Act (vii). Current literature indicates that maximizing streamlined renewal processes can promote continuity of coverage when the PHE ends and can increase the percentage of the YATI population that will remain eligible once standard eligibility actions resume.

III. Waiver Amendment Proposal Details

A. Proposed Cost Sharing Requirements under the Demonstration as Amended:

This Demonstration does not change the Medicaid benefit package design; there is no new cost-sharing, copayments, or coinsurance for any benefit provided under the waiver. State Plan benefits will continue to be applied in accordance with the State Plan and all eligibility groups will continue to receive all State Plan benefits.

B. Proposed Changes to the Delivery System under the Demonstration as Amended:

The delivery system for persons impacted by this proposed 1115 Waiver amendment will not vary from AHCCCS' current program features as described in the current State Plan and demonstration.

C. Proposed Changes to Benefit Coverage under the Demonstration as Amended:

This Demonstration does not change the Medicaid benefit package design; there are no new or fewer services, cost-sharing, copayments, or coinsurance for any benefit provided under the waiver. State Plan benefits will continue to be applied in accordance with the State Plan and all eligibility groups will continue to receive all State Plan benefits.

D. Proposed Changes to Eligibility Requirements.

For individuals determined to meet the Former Foster Youth criteria at Social Security Act Section 1902(a)(10)(A)(i)(IX), annually renew eligibility on an automatic basis without requiring additional information from the person until the person reaches 26 years of age, unless:

1. The person notifies the administration that they may qualify for a different eligibility category,
2. The Agency or its designee receives information from the person or a reliable electronic data match that the person is no longer an Arizona resident, or
3. The individual withdraws the enrollment voluntarily or is deceased.

IV. Waiver and Expenditure Authorities Necessary to Authorize the Demonstration

Application for other benefits (42 CFR 435.608)

To the extent necessary to relieve individuals who meet the statutory definition at 1902(a)(10)(A)(i)(IX) of the obligation to apply for other cash benefits at renewal as a condition of eligibility.

Cooperation to assist in pursuing third parties who may be liable to pay (42 CFR 433.147)

To the extent necessary to relieve individuals who meet the statutory definition at 1902(a)(10)(A)(i)(IX) of the obligation to provide information about potentially liable third parties at renewal as a condition of eligibility.

V. Evaluation Design

Arizona's 1115 Waiver Evaluation design for Project Number 11-W-00275/9, will be modified to incorporate the Former Foster Youth Annual Automatic Renewal waiver amendment. The demonstration will test whether this demonstration, if approved, effectively promotes continuity of care, simplifies administrative burden, and reduces unnecessary churn of individuals' eligibility to access Medicaid covered services. In addition, the Demonstration will be tested to assess the provision of quality health care and improvement in health outcomes through continuity of care to the Former Foster Youth Population.

VI. Public Notice Process

Pursuant to the terms and conditions that govern Arizona’s Demonstration, Arizona must provide documentation of its compliance with Demonstration of Public Notice process (42 CFR 431.408), the tribal consultation requirements pursuant to Section 1902(a)(73) of the Act as amended by Section 5006(e) of the American Recovery and Reinvestment Act of 2009, and the tribal consultation requirements outlined in STC 13.

Public Website

The Demonstration amendment request was posted on the AHCCCS website for public comment on January 13,2023 at <https://www.azahcccs.gov/YATIWaiverRequest>. The web page includes a summary of Arizona’s Demonstration amendment request, the schedule (dates and times) of public forums across the state and this draft Demonstration amendment proposal. In addition to the website posting, AHCCCS uses social media accounts and electronic mail to notify interested parties about Arizona’s Demonstration amendment proposal.

Publication of Public Notice in the Arizona Administrative Register

On January 13, 2023, public notice of Arizona’s Demonstration amendment request was published in the Arizona Administrative Register. The notice included a summary description of the Demonstration request, locations, dates and times of the public hearings, instructions on how to submit comments, and a link to copies of the Demonstration application for public review and comments.

Stakeholder Meetings

AHCCCS will present the details about Arizona’s Demonstration amendment proposal during a virtual Tribal Consultation meeting and will conduct two virtual public forum meetings. In addition, the Demonstration amendment proposal will be presented at the State Medicaid Advisory Committee (SMAC) meeting. Details regarding the public forum meetings can be found below:
