# Managed Care Program Annual Report (MCPAR) for Arizona: AHCCCS Complete Care (ACC)

<b>Due date</b> 03/29/2024	<b>Last edited</b> 06/20/2024	<b>Edited by</b> Ruben Soliz	<b>Status</b> Submitted
	Indicator	Response	
	Exclusion of CHIP from MCPAR	Not Selected	
	Enrollees in separate CHIP programs funded under Title XXI should not be reported in the MCPAR. Please check this box if the state is unable to remove information about Separate CHIP enrollees from its reporting on this program.		

**Section A: Program Information** 

**Point of Contact** 

Number	Indicator	Response
A1	State name	Arizona
	Auto-populated from your account profile.	
A2a	Contact name	Maxwell Seifer
	First and last name of the contact person. States that do not wish to list a specific individual on the report are encouraged to use a department or program-wide email address that will allow anyone with questions to quickly reach someone who can provide answers.	
A2b	Contact email address  Enter email address.  Department or program-wide email addresses ok.	maxwell.seifer@azahcccs.gov
АЗа	Submitter name	Maxwell Seifer
	CMS receives this data upon submission of this MCPAR report.	
A3b	Submitter email address	maxwell.seifer@azahcccs.gov
	CMS receives this data upon submission of this MCPAR report.	
A4	Date of report submission	06/24/2024
	CMS receives this date upon submission of this MCPAR report.	

### **Reporting Period**

Indicator	Response
Reporting period start date	10/01/2022
Auto-populated from report dashboard.	
Reporting period end date	10/01/2023
Auto-populated from report dashboard.	
Program name	AHCCCS Complete Care (ACC)
Auto-populated from report dashboard.	
	Reporting period start date Auto-populated from report dashboard.  Reporting period end date Auto-populated from report dashboard.  Program name Auto-populated from report

### Add plans (A.7)

Enter the name of each plan that participates in the program for which the state is reporting data.

Indicator	Response
Plan name	ACC: HNA dba AZ Complete Health Complete Care Plan
	ACC: Banner University Family Care
	ACC: Care1st Health Plan Arizona, Inc.
	ACC: Molina Healthcare of AZ, Inc.
	ACC: Mercy Care
	ACC: APIPA dba UnitedHealthcare Community Plan
	ACC: Health Choice Arizona, Inc.

### Add BSS entities (A.8)

Enter the names of Beneficiary Support System (BSS) entities that support enrollees in the program for which the state is reporting data. Learn more about BSS entities at  $\underline{42}$  CFR 438.71. See Glossary in Excel Workbook for the definition of BSS entities.

Examples of BSS entity types include a: State or Local Government Entity, Ombudsman Program, State Health Insurance Program (SHIP), Aging and Disability Resource Network (ADRN), Center for Indepedent Living (CIL), Legal Assistance Organization, Community-based Organization, Subcontractor, Enrollment Broker, Consultant, or Academic/Research Organization.

Indicator	Response
BSS entity name	AHCCCS

### **Section B: State-Level Indicators**

**Topic I. Program Characteristics and Enrollment** 

Number	Indicator	Response
BI.1	Statewide Medicaid enrollment	2,264,547
	Enter the average number of individuals enrolled in Medicaid per month during the reporting year (i.e., average member months). Include all FFS and managed care enrollees and count each person only once, regardless of the delivery system(s) in which they are enrolled.	
B1.2	Statewide Medicaid managed care enrollment	1,910,748
	Enter the average number of individuals enrolled in any type of Medicaid managed care per month during the reporting year (i.e., average member months).  Include all managed care programs and count each person only once, even if they are enrolled in multiple managed care programs or plans.	

### **Topic III. Encounter Data Report**

Number	Indicator	Response
BIII.1	Data validation entity	State Medicaid agency staff
	Select the state agency/division or contractor tasked with evaluating the validity of encounter data submitted by MCPs. Encounter data validation includes verifying the accuracy, completeness, timeliness, and/or consistency of encounter data records submitted to the state by Medicaid managed care plans. Validation steps may include pre-acceptance edits and post-acceptance analyses. See Glossary in Excel Workbook for more information.	

Topic X: Program Integrity

### BX.1

### Payment risks between the state and plans

Describe service-specific or

other focused PI activities that

the state conducted during the past year in this managed care program. Examples include analyses focused on use of long-term services and supports (LTSS) or prescription drugs or activities that focused on specific payment issues to identify, address, and prevent fraud, waste or abuse. Consider data analytics, reviews of under/overutilization, and

other activities.

1) Behavioral Health Fraud focus; specifically Substance Abuse within the Outpatient Treatment Setting. This focus has included a 6 year rolling report of top abused Hoodes within the IOP setting, providing summaries of expenditures and comparison by health plan, service provider, and billing provider. Behavioral Health continues to be a driving focus within OIG as evidence by the increased number of Credible Allegation of Fraud Payment Suspensions, terminations, and case partnerships with the MFCU and other law enforcement agencies. OIG has also provided several data reports to AHCCCS for review on different codes, such as by report code H0015. AHCCCS has reviewed these reports and implemented measures. Code H0015 had a rate set. OIG has participated in several joint agency meetings on the BH Fraud plaguing Arizona. 2) NEMT continues to be a focus. This includes a Category of Service report created within the OIG to identify percentages of services rendered without a matching medical service. 3) CMS communicated significant hospice concerns to AZ as a result of the moratorium in California. OIG, in conjunction with independent review from the MCOs, also reviewed and verified there were no current hospice concerns identified in any of the billing data. This topic has been set for a biannual review cadence to ensure items are closely monitored. 4) Billing for services after date of death is a rolling audit handled by OIG 5) Billing for outpatient services while a member is inpatient is another rolling audit 6) Respite codes have also become a newer focus with OIG providing in-depth analysis of codes. 7) OIG recently provided analyses on partial hospitalization codes and data scenarios to AHCCCS for review to ensure policy and claims edits appropriately align. 8) OIG, in partnership with OGC, has created NDA agreements so MCOs will come to the table to discuss FWA schemes. These are currently in the process of being reviewed and signed by each MCO.9) OIG has onboarded the RAC with a focus on facility claims overpayments for DRG services. Process flows have been mapped, concept briefs approved, file layouts transfers have occurred, and we are close to full implementation of the start of the project.

# BX.2 Contract standard for overpayments

Does the state allow plans to retain overpayments, require the return of overpayments, or has established a hybrid system? Select one.

State requires the return of overpayments

#### **BX.3**

# Location of contract provision stating overpayment standard

Describe where the overpayment standard in the previous indicator is located in plan contracts, as required by 42 CFR 438.608(d)(1)(i).

The Managed Care Entities (MCE) refers all suspicions of fraud, waste, and abuse to the AHCCCS, OIG. The MCEs are required by the **AHCCCS Contractors Operations Manual** (ACOM), Chapter 100, Policy103, and by the Corporate Compliance Program as outlined in Section D, Paragraph 58 of the AHCCCS contracts, to report all suspected fraud, waste, and abuse to the OIG immediately upon suspicion. Additionally, MCEs shall not conduct any investigation or review allegations of fraud, waste, or abuse involving the AHCCCS program. Further in the same section, any denial of credentialing by the contractor must be reported to AHCCCS, to include but not limited to licensure issues; quality of care concerns; excluded providers; or actions due to fraud, waste, or abuse. In accordance with 42 CFR 455.14, AHCCCS, OIG, will conduct a preliminary investigation to determine if there is sufficient basis to warrant a full investigation. Specifically, once a Contractor has referred a case of alleged fraud, waste, or abuse to AHCCCS, the contractor is not allowed to recoup, or otherwise off-set any suspected payments.

# BX.4 Description of overpayment contract standard

Briefly describe the overpayment standard (for example, details on whether the state allows plans to retain overpayments, requires the plans to return overpayments, or administers a hybrid system) selected in indicator B.X.2.

In addition to the response given in BX3, ACOM 103 further outlines The Contractor agrees that AHCCCS has the sole authority to handle and dispose of any matter involving fraud, waste, and/or abuse. The Contractor assigns to AHCCCS the right to recoup any amounts overpaid to a provider as a result of fraud, waste, and/or abuse. If the Contractor receives anything of value that could be construed to represent the repayment of any amount expended due to fraud, waste or abuse, the Contractor shall forward that recovery to AHCCCS/OIG within 30 days of its receipt. As specified in the AHCCCS Minimum Subcontractor Provisions (MSPs), the above requirements apply to any actions undertaken on behalf of a Contractor by a subcontractor. The Contractor relinquishes each, every, any, and all claims to any monies received by AHCCCS as a result of any program integrity efforts which include, but are not limited to: recovery of an overpayment, civil monetary penalties and assessments, civil settlements and/or judgments, criminal restitution, collection by AHCCCS or indirectly on AHCCCS' behalf by the Arizona Attorney General, and/or other matters as applicable.

# BX.5 State overpayment reporting monitoring

Describe how the state monitors plan performance in reporting overpayments to the state, e.g. does the state track compliance with this requirement and/or timeliness of reporting? The regulations at 438.604(a) (7), 608(a)(2) and 608(a)(3) require plan reporting to the state on various overpayment pieces (whether annually or promptly). This indicator is asking the state how it monitors that reporting.

Encounters are utilized by AHCCCS' in-house actuaries as part of the capitation rate setting process. The actuaries review costs reported on encounters to financial statement costs. This activity validates the completeness of the encounter data, and vice versa. Several other activities are performed to ensure encounter data completeness and its appropriateness to set capitation rates. The medical loss ratio (MLR) is used in the capitation rate setting process to project the MCEs future medical loss ratio given the projected changes in the capitation rates. Encounters subject to overpayment recoveries as mandated in contract for all MCEs must be reprocessed

appropriately either as a total void or a replacement of the encounter with updates to what was paid.

#### BX.6 Changes in beneficiary circumstances

Describe how the state ensures timely and accurate reconciliation of enrollment files between the state and plans to ensure appropriate payments for enrollees experiencing a change in status (e.g., incarcerated, deceased, switching plans).

To the extent that OIG has a finding from an FWA case, our findings are communicated to DMPS and/or DES for the changes to occur to the enrollment files. The state ensures timely and accurate reconciliation between the state and plans using daily HIPAA 834 files to communicate member health plan and enrollment changes. Also, the state sends monthly HIPAA 834 files as a "roster" file for the plans to confirm their enrollment as of the 1st of the month. Capitation payments are calculated based upon the number of days a member is enrolled in a plan.

#### BX.7a Changes in provider circumstances: Monitoring plans

Does the state monitor whether plans report provider "for cause" terminations in a timely manner under 42 CFR 438.608(a)(4)? Select one.

Yes

#### BX.7b Changes in provider circumstances: Metrics

Does the state use a metric or indicator to assess plan reporting performance? Select one.

No

#### BX.8a Federal database checks: **Excluded person or entities**

During the state's federal database checks, did the state find any person or entity excluded? Select one. Consistent with the requirements at 42 CFR 455.436 and 438.602, the State must confirm the identity and determine the exclusion status of the MCO, PIHP, PAHP, PCCM or PCCM entity, any subcontractor, as well as any person with an ownership or agent or managing employee of

### No

control interest, or who is an the MCO, PIHP, PAHP, PCCM or PCCM entity through routine checks of Federal databases.

#### BX.9a Website posting of 5 percent or more ownership control

Does the state post on its website the names of individuals and entities with 5% or more ownership or control interest in MCOs, PIHPs, PAHPs, PCCMs and PCCM entities and subcontractors? Refer to §455.104 and required by 42 ČFR 438.602(g)(3).

### BX.10

### Periodic audits

If the state conducted any audits during the contract year to determine the accuracy, truthfulness, and completeness of the encounter and financial data submitted by the plans, what is the link(s) to the audit results? Refer to 42 CFR 438.602(e).

Data Validation audits are conducted annually, and results are posted on the website. Results for data validation audits are under each line of business, the individual health plan, and the 'Sanctions' section of the following link. https://azahcccs.gov/Resources/OversightOfHe althPlans/AdministrativeActions/

### **Section C: Program-Level Indicators**

**Topic I: Program Characteristics** 

Number	Indicator	Response
C1I.1	Program contract Enter the title of the contract between the state and plans participating in the managed care program.	AHCCCS Complete Care Contract
N/A	Enter the date of the contract between the state and plans participating in the managed care program.	10/01/2022
C11.2	Contract URL  Provide the hyperlink to the model contract or landing page for executed contracts for the program reported in this program.	https://azahcccs.gov/Resources/Downloads/ContractAmendments/ACC/ACC_Amendment13_UFC-14%20_HC%20&%20UHCCP15_MOL(YH19-0001).pdf
C1I.3	Program type What is the type of MCPs that contract with the state to provide the services covered under the program? Select one.	Managed Care Organization (MCO)
C11.4a	Special program benefits  Are any of the four special benefit types covered by the managed care program: (1) behavioral health, (2) long-term services and supports, (3) dental, and (4) transportation, or (5) none of the above? Select one or more.  Only list the benefit type if it is a covered service as specified in a contract between the state and managed care plans participating in the program. Benefits available to eligible program enrollees via fee-forservice should not be listed here.	Behavioral health  Dental  Transportation
C11.4b	Variation in special benefits What are any variations in the availability of special benefits within the program (e.g. by service area or population)? Enter "N/A" if not applicable.	N/A
C11.5	Program enrollment  Enter the average number of individuals enrolled in this managed care program per month during the reporting year (i.e., average member months).	1,785,615
C11.6	Changes to enrollment or benefits  Briefly explain any major changes to the population enrolled in or benefits provided by the managed care program during the reporting year.	N/A

Number	Indicator	Response
C1III.1	Uses of encounter data  For what purposes does the state use encounter data collected from managed care plans (MCPs)? Select one or more.  Federal regulations require that states, through their contracts with MCPs, collect and maintain sufficient enrollee encounter data to identify the provider who delivers any item(s) or service(s) to enrollees (42 CFR 438.242(c)(1)).	Other, specify – Evaluate Health Care Quality, Evaluate contractor performance, develop and evaluate capitation rates, develop FFS payment rates, Determine risk sharing payments, process reconciliations and risk adjustments
C1III.2	Criteria/measures to evaluate MCP performance  What types of measures are used by the state to evaluate managed care plan performance in encounter data submission and correction? Select one or more. Federal regulations also require that states validate that submitted enrollee encounter data they receive is a complete and accurate representation of the services provided to enrollees under the contract between the state and the MCO, PIHP, or PAHP. 42 CFR 438.242(d).	Timeliness of initial data submissions  Timeliness of data corrections  Use of correct file formats  Provider ID field complete  Overall data accuracy (as determined through data validation)
C1III.3	Encounter data performance criteria contract language  Provide reference(s) to the contract section(s) that describe the criteria by which managed care plan performance on encounter data submission and correction will be measured. Use contract section references, not page numbers.	Section 61 of the ACC Contract outlines Encounter Data Reporting for the MCO.
C1III.4	Financial penalties contract language  Provide reference(s) to the contract section(s) that describes any financial penalties the state may impose on plans for the types of failures to meet encounter data submission and quality standards. Use contract section references, not page numbers.	Section 61 of the ACC Contract outlines Encounter Data Reporting for the MCO.
C1III.5	Incentives for encounter data quality  Describe the types of incentives that may be awarded to managed care plans for encounter data quality. Reply with "N/A" if the plan does not use incentives to award encounter data quality.	N/A
C1III.6	Barriers to collecting/validating encounter data  Describe any barriers to collecting and/or validating managed care plan encounter data that the state has	N/A

### **Topic IV. Appeals, State Fair Hearings & Grievances**

Number	Indicator	Response
C1IV.1	State's definition of "critical incident," as used for reporting purposes in its MLTSS program	N/A
	If this report is being completed for a managed care program that covers LTSS, what is the definition that the state uses for "critical incidents" within the managed care program? Respond with "N/A" if the managed care program does not cover LTSS.	
C1IV.2	State definition of "timely" resolution for standard appeals	The Contractor shall resolve standard appeals as expeditiously as the member's health condition requires no later than 30 calendar
	Provide the state's definition of timely resolution for standard appeals in the managed care program.  Per 42 CFR §438.408(b)(2), states must establish a timeframe for timely resolution of standard appeals that is no longer than 30 calendar days from the day the MCO, PIHP or PAHP receives the appeal.	days from the date of receipt of the appeal unless an extension is in effect [42 CFR 438.408(a), 42 CFR 438.408(b)(2)].
C1IV.3	State definition of "timely" resolution for expedited appeals  Provide the state's definition of timely resolution for expedited appeals in the managed care program.  Per 42 CFR §438.408(b)(3), states must establish a timeframe for timely resolution of expedited appeals that is no longer than 72 hours after the MCO, PIHP or PAHP receives the appeal.	The Contractor shall resolve all expedited appeals as expeditiously as the member's health condition requires but not later than 72 hours from the date the Contractor receives the expedited appeal (unless an extension is in effect) [42 CFR 438.408(a), 42 CFR 438.408(b) (3)].
C1IV.4	State definition of "timely" resolution for grievances  Provide the state's definition of timely resolution for grievances in the managed care program.	The Contractor shall address identified issues as expeditiously as the member's condition requires and shall resolve each grievance within ten business days of receipt, absent extraordinary circumstances. However, no
	Per 42 CFR §438.408(b)(1), states must establish a timeframe for timely resolution of grievances that is no longer than 90 calendar days from the day the MCO, PIHP or PAHP receives the grievance.	grievances shall exceed 90 days for resolution. [42 CFR 457.1260, 42 CFR 438.408(a), 42 CFR 438.408(b)(1) and (3)].

### **Network Adequacy**

Number	Indicator	Response
C1V.1	Gaps/challenges in network adequacy	Low provider density in rural areas, particularly dentists. Also, in areas where there is a high
	What are the state's biggest challenges? Describe any challenges MCPs have maintaining adequate networks and meeting standards.	portion of tribal/I.H.S. providers, these providers may pose challenges in contracting
C1V.2	State response to gaps in network adequacy	MCPs get lists of non-par providers registered with the state but but not in network to assist
	How does the state work with MCPs to address gaps in network adequacy?	recruitment. MCPs have to develop plans for addressing network gaps. For appointment standards, plans typically reach out and educate non-compliant providers and resurvey after education. State is also requiring plans to get NCQA certification.

### **Access Measures**

Describe the measures the state uses to monitor availability, accessibility, and network adequacy. Report at the program level.

Revisions to the Medicaid managed care regulations in 2016 and 2020 built on existing requirements that managed care plans maintain provider networks sufficient to ensure adequate access to covered services by: (1) requiring states to develop quantitative network adequacy standards for at least eight specified provider types if covered under the contract, and to make these standards available online; (2) strengthening network adequacy monitoring requirements; and (3) addressing the needs of people with long-term care service needs (42 CFR 438.66; 42 CFR 438.68).

42 CFR 438.66(e) specifies that the MCPAR must provide information on and an assessment of the availability and accessibility of covered services within the MCO, PHIP, or PAHP contracts, including network adequacy standards for each managed care program.

### **Topic III. Encounter Data**

Number	Indicator	Response
D1III.1	Definition of timely encounter data submissions	ACC: HNA dba AZ Complete Health Complete Care Plan

Describe the state's standard for timely encounter data submissions used in this program. If reporting frequencies and standards differ by type of encounter within this program, please explain.

Professional, Institutional, and Dental Encounters not involving services eligible for Federal Drug Rebate processing shall be received by AHCCCS no later than 210 days after the end of the month in which the service was rendered, or the effective date of the enrollment with the Contractor, whichever date is later. Failure to submit encounters within 210 days may result in sanctions as specified in the AHCCCS Encounter Manual.

### **ACC: Banner University Family Care**

No later than 210 days after the end of the month in which the service was rendered, or the effective date of the enrollment with the Contractor, whichever date is later. AZ Data Entry Note: While AHCCCS collects information on both the number of encounters submitted as well as the timeliness of the encounters submitted, those pieces of information are tracked in disparate areas of the system. AHCCCS will look at ways to make these two data elements available to provide the requested information.

### ACC: Care1st Health Plan Arizona, Inc.

Professional, Institutional, and Dental Encounters not involving services eligible for Federal Drug Rebate processing shall be received by AHCCCS no later than 210 days after the end of the month in which the service was rendered, or the effective date of the enrollment with the Contractor, whichever date is later. Failure to submit encounters within 210 days may result in sanctions as specified in the AHCCCS Encounter Manual.

### ACC: Molina Healthcare of AZ, Inc.

Professional, Institutional, and Dental Encounters not involving services eligible for Federal Drug Rebate processing shall be received by AHCCCS no later than 210 days after the end of the month in which the service was rendered, or the effective date of the enrollment with the Contractor, whichever date is later. Failure to submit encounters within 210 days may result in sanctions as specified in the AHCCCS Encounter Manual.

### **ACC: Mercy Care**

Professional, Institutional, and Dental Encounters not involving services eligible for Federal Drug Rebate processing shall be received by AHCCCS no later than 210 days after the end of the month in which the service was rendered, or the effective date of the enrollment with the Contractor, whichever date is later. Failure to submit encounters within 210 days may result in sanctions as specified in the AHCCCS Encounter Manual.

## ACC: APIPA dba UnitedHealthcare Community Plan

Professional, Institutional, and Dental Encounters not involving services eligible for Federal Drug Rebate processing shall be received by AHCCCS no later than 210 days after the end of the month in which the service was rendered, or the effective date of the enrollment with the Contractor, whichever date is later. Failure to submit encounters within 210 days may result in sanctions as specified in the AHCCCS Encounter Manual.

### ACC: Health Choice Arizona, Inc.

Professional, Institutional, and Dental Encounters not involving services eligible for Federal Drug Rebate processing shall be received by AHCCCS no later than 210 days after the end of the month in which the service was rendered, or the effective date of the enrollment with the Contractor, whichever date is later. Failure to submit encounters within 210 days may result in sanctions as specified in the AHCCCS Encounter Manual.

# D1III.2 Share of encounter data submissions that met state's timely submission requirements

What percent of the plan's encounter data file submissions (submitted during the reporting period) met state requirements for timely submission? If the state has not yet received any encounter data file submissions for the entire contract period when it submits this report, the state should enter here the percentage of encounter data submissions that were compliant out of the file submissions it has received from the managed care plan for the reporting period.

ACC: APIPA dba UnitedHealthcare **Community Plan** 

N/A

ACC: Health Choice Arizona, Inc.

N/A

### **D1IV.4 Number of critical incidents** filed during the reporting period by (or on behalf of) an

LTSS user who previously filed an appeal

For managed care plans that cover LTSS, enter the number of critical incidents filed within the reporting period by (or on behalf of) LTSS users who previously filed appeals in the reporting year. If the managed care plan does not cover LTSS, enter "N/A".

Also, if the state already submitted this data for the reporting year via the CMS readiness review appeal and grievance report (because the managed care program or plan were new or serving new populations during the reporting year), and the readiness review tool was submitted for at least 6 months of the reporting year, enter "N/A".

The appeal and critical incident do not have to have been "related" to the same issue they only need to have been filed by (or on behalf of) the same enrollee. Neither the critical incident nor the appeal need to have been filed in relation to delivery of LTSS they may have been filed for any reason, related to any service received (or desired) by an LTSS user.

To calculate this number, states or managed care plans should first identify the LTSS users for whom critical incidents were filed during the reporting year, then determine whether those enrollees had filed an appeal during the reporting year, and whether the filing of the appeal preceded the filing of the critical incident.

N/A

#### D1IV.13 **Number of critical incidents** filed during the reporting LTSS user who previously

period by (or on behalf of) an filed a grievance

For managed care plans that cover LTSS, enter the number of critical incidents filed within the reporting period by (or on behalf of) LTSS users who previously filed grievances in the reporting year. The grievance and critical incident do not have to have been "related" to the same issue they only need to have been filed by (or on behalf of) the same enrollee. Neither the critical incident nor the grievance need to have been filed in relation to delivery of LTSS - they may have been filed for any reason, related to any service received (or desired) by an LTSS user. If the managed care plan does

not cover LTSS, the state should enter "N/A" in this field. Additionally, if the state already submitted this data for the reporting year via the CMS readiness review appeal and grievance report (because the managed care program or plan were new or serving new populations during the reporting year), and the readiness review tool was submitted for at least 6 months of the reporting year, the state can enter "N/A" in this field. To calculate this number, states or managed care plans should first identify the LTSS users for

whom critical incidents were

### **Section E: BSS Entity Indicators**

### Topic IX. Beneficiary Support System (BSS) Entities

Per 42 CFR 438.66(e)(2)(ix), the Managed Care Program Annual Report must provide information on and an assessment of the operation of the managed care program including activities and performance of the beneficiary support system. Information on how BSS entities support program-level functions is on the Program-Level BSS page.

Number	Indicator	Response
EIX.1	BSS entity type	AHCCCS
	What type of entity was contracted to perform each BSS activity? Check all that apply. Refer to 42 CFR 438.71(b).	Other, specify – This data is not available at thi time.
EIX.2	BSS entity role	AHCCCS
	What are the roles performed by the BSS entity? Check all that apply. Refer to 42 CFR 438.71(b).	Other, specify – This data is not available at thi time.
