Team Member Name.	

The purpose of this component is to gather information by observing the location, environment and community engagement of the facility to identify characteristics that may or not be consistent with the HCBS Rules. The Team Member will be responsible for providing a description of the facility environment and the proximity to the community, i.e. transportation, businesses, churches, et cetera. Additionally, the Team Member will be talking with community members, who have an association with the facility, to gather information about their level of interaction with members in the facility and the strategies the facility employs to maximize community engagement.

Instructions. To accommodate the schedule of the community members for interviews, steps 2 and 3 may occur in a different order.	Task Completed
Step 1 Complete the preliminary review section prior to the onsite assessment and attach documentation. Bring all documents to the on site assessment.	
Step 2 Complete observation portion of the assessment.	
Step 3 Make copies of the Community Member Interviews section, page 8. The number of copies will depend on the number of interviews scheduled.	
Step 4 Complete the community member interviews.	

Preliminary Review

1. Research the zoning designation for the property via city or county websites.
2. Research the ownership and operations of the facility on the company website. For example, identify any information regarding shared administration, finance, staff and transportation resources.
3. Conduct Google map and real estate website search to provide pictures and maps of the facility and the surrounding area.
4. Research forms of public transportation available to members and visitors to the setting, i.e. bus, light rail, community operated transportation, et cetera.

Bring documentation of the research conducted to the on site assessment and attach to the completed Observation and Community Interviews on Site Assessment.
