Subject. HCBS Rules. Please Distribute

Attachments. HCBS Public Forum Flyer.pdf HCBS Rules Overview.docx

AHCCCS would like your assistance in distributing information regarding Arizona's proposed assessment and transition plan to come into compliance with the Centers for Medicare and Medicaid Services', CMS, requirements for home and community based services, HCBS. We need your help to share this information with members, families, providers, advocates and other interested community stakeholders.

AHCCCS conducted a preliminary assessment of Arizona's HCBS settings to determine its level of compliance, provide recommendations for identified variances, and outline a process for continuous monitoring. The assessment process included a review of statutes, rules, policies and contract language.

AHCCCS will publish its draft assessment of Arizona's HCBS settings and the draft transition plan to seek public comment on or before August 1, 2015. The public comment period will be for the month of August, August 1 to 31, 2015. AHCCCS will host a round of public forums throughout the state. As part of the public comment period, AHCCCS will disseminate surveys to randomly selected members and providers to further assess a baseline of the state's assessment and how the rules might currently be employed in practice. The survey responses will be anonymous.

Attached is a flyer for the statewide public forums along with a brief overview and background of the new rules. We would like to keep a record of how the information is being distributed. Please notify or provide copies to Dara Johnson (Dara.Johnson@azahcccs.gov) of emails, website postings, newsletter articles, et cetera.

Thank you for partnering with us to share this information with our community.
