E-mail: AHCCCSRules@azahcccs.gov

5. An agency's justification and reason why a rule should be made, amended, repealed or renumbered, to include an explanation about the rulemaking:

The Administration is promulgating rules to comply with the Affordable Care Act of 2010, which added 42 USC 1396a(a)(47)(B), and 42 CFR 435.1110 which requires the State Medicaid agency to allow qualifying hospitals the option to determine presumptive eligibility for Medicaid for certain individuals. This process is referred to as Hospital Presumptive Eligibility (HPE). These proposed rules are to be effective January 1, 2015.

To be a hospital qualified to make a presumptive eligibility determination, the hospital must agree to make the determination in accordance with policies and procedures established by AHCCCS. 42 CFR 435.1110(b)(1). The details of the terms and conditions for qualifying hospitals will be included in a written agreement between AHCCCS and the hospital, and the terms of such contracts are exempt from the requirements for rule-making. ARS 41-1005(a)(15).

6. A reference to any study relevant to the rule that the agency reviewed and proposes either to rely on or not to rely on in its evaluation of or justification for the rule, where the public may obtain or review each study, all data underlying each study, and any analysis of each study and other supporting material:

A study was not referenced or relied upon when promulgating the regulations.

7. A showing of good cause why the rulemaking is necessary to promote a statewide interest if the rulemaking will diminish a previous grant of authority of a political subdivision of this state:

Not applicable.

8. The preliminary summary of the economic, small business, and consumer impact:

It is extremely difficult to predict the impact of the proposed rule change. HPE is a new federal requirement as of January 1, 2014. It is unknown how many hospitals will be become qualified

hospitals, how many individuals will apply for HPE through qualified hospitals, and how many individuals who are provided HPE will fail to file a full application or be determined ineligible following submission of a full application. However the agency is assuming a budget impact of \$5M in total fund payments for health care services provided to individuals who do not file a full application within the required timeframe or who are determined ineligible following submission of the full application. These payments will be made to health care providers including but not limited to hospitals.

9. The agency's contact person who can answer questions about the economic, small business and consumer impact statement:

E-mail: AHCCCSRules@azahcccs.gov

10. The time, place, and nature of the proceedings to make, amend, repeal, or renumber the rule, or if no proceeding is scheduled, where, when, and how persons may request an oral proceeding on the proposed rule:

Proposed rule language will be available on the AHCCCS website www.azahcccs.gov the week of August 11, 2014. Please send written or email comments to the above address by the close of the comment period, 5:00 p.m., September 29, 2014.

11. All agencies shall list other matters prescribed by statute applicable to the specific agency or to any specific rule or class of rules. Additionally, an agency subject to Council review under A.R.S. §§ 41-1052 and 41-1055 shall respond to the following questions:

No other matters have been prescribed.

a. Whether the rule requires a permit, whether a general permit is used and if not, the reasons why a general permit is not used:

The rule does not require a permit.

b. Whether a federal law is applicable to the subject of the rule, whether the rule is more stringent than federal law and if so, citation to the statutory authority to exceed the requirements of federal law:

This rule-making arises from a requirement of federal law, specifically 42 USC 1396a(a)(47)(B) and 42 CFR Part 435.1110 which require every State Medicaid program (including AHCCCS) to establish a Hospital Presumptive Eligibility process as a condition

of receiving federal funding for the Medicaid program in the State. The rule is not more stringent than federal law.

c. Whether a person submitted an analysis to the agency that compares the rule's impact of the competitiveness of business in this state to the impact on business in other states:

No analysis was submitted.

12. A list of any incorporated by reference material as specified in A.R.S. § 41-1028 and its location in the rules:
